SUN BEAMS

By WALTER M. BARRETT

The proposal that Truckee support, at least morally, a program to raise $50,000 for the promotion of a permanent winter sports development project accomplished one purpose at least — it supplied some with the material for a good laugh. Personally, we fail to see any thing funny or ridiculous in the suggestion, but maybe our sense of humor has been dulled. There are others, a majority, we believe, who see in the proposal a solution toward making Truckee a good, progressive year 'round town. Everyone has a right to their own opinions and ideas and itis not for us to criticize, but we want to go on record right now as favoring anything and everything that will tend to make Truckee a better town, be it winter sports, summer sports or ping pong.

If we confuse Easter, which is only a day or two away, with Christmas, who can blame us. This unusual weather certainly has all the appearance of mid-winter and it's hard to console one's self to the fact that it's time for the Easter parade and near straw-hat day. We snicker, however, when we read accounts picturing Southern California's "unusual weather." There is a certain amount of selfish satisfaction in knowing that we are not suffering alone.

One thing this new storm accomplished which will not make a hit with us here in Truckee is that it has minumized our chances of having a motion picture company or two come here for snow scenes. The storm was so general that even the foothills from one end of the state to the other are blanketed and while it is an undisputed fact that nowhere can the natural beauty of the Tahoe-Truckee be duplicated, if snow is all that is required it can be found nearly anyplace.

Looking forward to the most promising season in the history of the region, resort owners at Lake Tahoe are starting to arrive to prepare for new buildings are springing up and older ones are taking on the appearance of new ones under remodeling projects. There is no reason why the hopes for the biggest year should not be realized. We have what it takes and its just a matter of telling the world.

Why doesn't some local club or organization sponsor a trout derby?

TRUCKEE YOUTH IS HONORED AT ST. MARY'S COLLEGE

Phillip Kearney, son of Mr. and Mrs. Frank Kearney of Truckee has been signally honored at St. Mary's College, according to word from there this week.

The Truckee boy has been named associate editor of the Freshman Class Journal.

VALVE-IN-HEAD SMITH NEW NASH DEALER IN TRUCKEE AREA

Daniel D. "Valve-in the-Head" Smith has been appointed the exclusive dealer in this territory for Nash products and Diamond T trucks, according to an announcement this week.

Smith says: "The 1937 Nash with its valve-in-head, twin ignition motor and cruising gear is one of the finest motor cars I have ever had the pleasure of eramining. I believe this new Nash represents the finest engineering in the industry today.

"Having handled the Buick for 24 years, I am thoroughly familiar with valve-in-head design, and I know this Nash has the most advanced design in valve-in-head cosstruction that it is possible to build into a motor. All Nash sedans, both two and four-door, have trunks built in, are of real six-passenger capacity and can be converted into a sleeper in a few minutes. All steel bodies and over-sized hydralic brakes make this car one of the safest on the road today."

WYETHIA CLUB TO HOLD PUBLIC CARD PARTY APRIL 1ST

The Wyethia Women's Club members will give a benefit public card party on Thursday afternoon, April 1 at the Wyethia club house. The party will start at 2 o'clock.

Refreshments will be served and awards given. A small sum will be charged to defray the expenses.

Send the SIERRA SUN — better than a letter.

NEW STORM IN SIERRA BRINGS MORE SNOWFALL

Trucks Again Marooned As Mid-winter Condition Experienced

FLOODS HIT VALLEYS

Predictions are For More Snow In Mountains Tomorrow

With mid-winter severity, a new storm swept in over the state this week, bringing unprecedented rains in the lowlands and increasing the snow pack in the Sierra.

Since March 15, 24.7 inches of snow fell in Truckee, according to the official records kept by the forest service here..

Reports were that between 70 and 80 inches of fresh snow fell on the Donner summit, while the Lake Tahoe district reported nearly three feet since the beginning of the storm.

The unseasonal storm brought snow as low as Auburn, while at Colfax nearly 18 inches fell between 3 p. m. and 11 p. m. Sunday. Traffic was virtually paralyzed on the highway between Auburn and Colfax on Sunday evening as plows battled to keep the road open over the summit.

Scores of cars anl trucks were poor that it was impossible to see the outline of the highway and machines dived into drifts along the road, drivers being powerless to cope with the situation.

Trucks and cars with trailers were prohibited from going over the summit from early Tuesday evening until Wednesday morning when a strong wind kept the road filled with drifts despite the frenzied efforts of the highway crews.

In the valleys, rain reached torrential proportions and highways were flooded. Stockmen drove their animals to higher lands as levees and stream banks strained under the flood. A section of the Southern Pacific tracks was washed out in the upper Sacramento valley and a Western Pacific locomotive was derailed by a snow and earth slide in Feather river canyon.

Local weather prognosticators are scanning the skies and predict the storm will continue. Official forecast was for continued storms tonight and Friday.

ANTONETTE SALA IS FETED ON OCCASION OF 17TH BIRTHDAY

Miss Antonette Sala was feted on the occasion of her 17th birthday Monday when a dinner was arranged in her honor at the home of her parents, Mr. and Mrs. Robert Sala.

Friends and members of the family gathered to enjoy the repast and Miss Sala was the recipient of many nice gifts. Following the dinner, Miss Sala went to Reno where she is spending the week with her sister.

RECORD ESTABLISHED BY COMMITTEE AS FUND IS RETURNED

A record has been established by the special committee on public utility investigation of which Senator Jerrold Seawell is the head, when it returned $8,298.35 of an appropriation of $10,000 for its study of public ownership.

The expenses of the committee amounted to the nominal sum of $1,701.65. The unused differnece was returned to the general fund.

Back From Trip—

Mr. and Mrs. Al Fontana, Mr. and Mrs. Laurence Martini and daughter and Mr. and Mrs. Pete Martini have returned from a motor trip which took them to Southern California and Arizona where they visited the Boulder Dam and other points of interest.

Mattos Purchases Rutherford Post Office Building

Beverage Firm Will Move To New Quarters Immediately

Purchase of the former post office building at the corner of West Main and Spring streets from Mrs. M. S. Rutherford was announced here by Joe Mattos, owner and manager of the Mattos Ice & Beverage Company.

The sale was consummated late Wednesday. The price was not announced, but is believed to have been near $10,000.

Mattos said that during the next two weeks he will move his office, stock and equipment into the new quarters and that the family will move into the apartment over the new store.

The lower portion of the building has been vacant since the post office was moved into the Joseph building on Commercial row. The Everett Parker family had been residing in the apartment upstairs.

Mattos announced that he will start necessary remodeling and alterations immediately and that early in the summer he plans starting a building in the rear of the present structure to house a small bottling works, where carbonated beverages will be manufactured and bottled.

The property is nicely located, being on the highway and near the main part of Truckee.

New Trial Denied In Damage Case Of Tahoe Couple

Placer Judge Refuses New Trial After Award Is Granted

A motion for a new trial in the damage action of George Hinkle and Mrs. Bliss Hinkle against the Southern Pacific company, was denied last week by Superior Judge J. B. Landis of Placer county.

Defense attorneys indicated that the case would be appealed.

The Tahoe people were awarded separate sums totaling $13,500 for injuries suffered when a crash occured between the Hinkle car and a Southern Pacific locomotive at Tahoe.

PATROLMEN GRANTED INCREASE IN PAY BY STATE ORDERS

Two-hundred members of the state highway patrol were granted increases in their monthly salaries when the state personnel board set a minimum pay range at $200 and the maximum at $215. A number of the officers have been receiving $175 during the past seven years and others had been receiving the maximum, according to reports.

CHICKEN POX HITS GRAMMAR SCHOOL IN LIGHT EPIDEMIC

Rumor about town swelled the number of chicken pox cases among the local school children in Truckee this week, and Principal P. R. Nelson reported that 30 pupils were absent from classes on Monday, but whether or not the illness was the cause entirely was not determined.

Dr. J. H. Bernard, health officer, said that he had seen less than six cases of the disease here. Necessary precautions will be taken, but the school will not be closed unless necessary.

MISS IDA COSTA WILL WED NEWCASTLE MAN AT CEREMONY

Truckee friends of Miss Ida Costa, daughter of Mrs. Samuel Costa of Truckee, and Thomas Rogers of Newcastle, are learning of their approaching nuptial ceremony which will take place following the close of the Lenten season.

Details of the wedding will be announced later.

FOREST FIRES IN STATE COST OVER 3 MILLION IN 1936

New High Record Reported For Last Year By Department

SMOKERS RESPONSIBLE

Marketable Timber Leads In List of Losses From 1936 Blazes

State Forester M. B. Pratt this week set the damage to California timberlands last year at $3,173,00.

Pratt said that 6,113 blazes burned over more than 946,850 acres of timber, grasslands and fields, costing the state at least $2,353,000 more than in 1935 and setting a new high mark in losses.

The heaviest damage done by fire was marked up on merchantable timber, with losses of $1,083,000 and improvements and agriculture which suffered to the extent of $1,041,00. Watershed damage was $610'091, a heavy loss since it effected almost irreparable reduction in late water supplies for farms and seeded soil erosion. Other damage totalled $38,-909.

Causes of fire listed by the department showed that by far the heaviest damage was done by smokers, held responsible for 1,364 blazes. Burning debris was second with 757 fires, followed closely by an incendiary blaze total of 724.

SCIENCE CLASS VISITS BOTTLING WORKS TO STUDY METHOD

Members of the general science class at the local high school last week enjoyed an inspection visit at the Coca Cola Bottling Works where Manager W. M. Englehart demonstrated the methods of making and bot tling carbonated beverages. Each of the visitors was presented with a sample bottle of the product.

LIONS UNOFFICIALLY SUPPORT PROGRAM OF WINTER SPORTS

The Truckee Lions club Wednesday night unofficially endorsed the idea of promoting a $50,000 winter sports facility program here after it was explained that the anticipated money required would not be solicited from local firms.

A general discussion of the project featured the meeting, presided over by Vice President Erle Martin.

William Englehart, Jr., now attending school in Los Angeles attended the meeting.

JUDGE TUTTLE NOW PRESIDING IN L. A. SUPERIOR COURT

Judge Raglan Tuttle of Nevada county is presiding in the Los Angeles superior court at the trial of nine persons on charges developing out of the collapse of the California Reserve Corporation in 1932.

On the opening day, the local jurist denied a motion of the defendants to quash 18 of the 27 counts contained in the indictments, on the ground they were barred by the statute of limitations.

NEW SKI DATE AT CISCO SOUGHT AS STORM IS BLAMED

Efforts are being made to secure the sanction of the California Ski Association for a later date for the Spring ski tournament at Cisco called off last Sunday because of the heavy storm. An April date when Sig Ruud, Olympic champion can appear is being asked.

Recovering from Illness—

Truckee friends will be glad to learn that Mrs. A. Filipcic who has been in a San Francisco hospital has recovered sufficiently to go to the home of friends in the city. Mr. Filipcic is with his wife.

More Companies Make Inquiries For Local Shots

Inquiry Seeks Information On Ice Rink, Ski Faciliities

Further indication that Truckee may yet entertain motion picture companies before the close of the snow season, was received here this week in a message from one of the major Hollywood producers asking about local facilities and conditions.

The inquiry marks the third to be received during the past two weeks and while no definite plans for coming here were stated, officials of the Truckee Motion Picture Association are hopeful that at least one of them will decide on this location.

The most recent inquiry was in the form of a wire which read:

"What is condition of ski jump at Truckee and how much longer will it last. Also are there other ski jumps in that vicinity. Also conditions as to snow and length of time available. Are there any ice skating rinks available. If so where located and approximate length of time ice will remain. Please advise by wire as soon as possible.'

The message was received here Monday and an answer forwarded to Hollywood immediately.

Half Million In State Pay For Hunting, Fishing

Sportsmen Point Out Needs For Increased Fish, Game Budget

More than half a million Californians went hunting and fishing last year.

This was announced this week by the United Press after a survey.

Fishermen led the parade, purchasing more than 270,000 licenses. Hunters were next, 130,000 licenses being issued to them. And some 100,000 responded to the urge to track down deer.

This information was given the assembly ways and means committee when the division of fish and game sought a budget iscrease to improve fishing and hunting conditions for the sports people who foot the bill through payment of license fees.

TWO MEN ESCAPE DEATH AS AUTO DIVES INTO RIVER

Apparently undaunted by the wetting they received when the sedan in which they were riding plunged into the Yuba river near Cisco during the week end, two men, who were unidentified, climbed out of the car and caught a ride to their homes in Reno.

A report of the mishap was made by state patrolmen of Placer county, who investigated the incident that might easily have proved fatal for the unknown occupants of the Reno machine.

ANCIENT MAXIM IS PROVING SELF IN CURRENT STORMS

The old maxim—"March comes in as a lamb and goes out as a lion"—survived skepticism when a blustery storm heralded the approach of the Vernal Equinox, which occured on March 21.

At this precise time when the sun enters the equinoctial point, or the first part of Aries, the length of day and night are equal throughout the world. On or about September 22, at the first point of Libra the division of day and night is the same.

At all other times, the length of day and night is unequal, the difference being greater as we approach either pole, while in the same latitude the difference is the same everywhere.

ACCUSED FORGER ARRESTED AFTER OBTAINING CASH

Truckee Deputy Traces Suspect to Colfax Where Arrest Made

MAY HAVE RECORD

Endorced Worthless Check With Name of Trucee Man

Lloyd Marr , 38, who had been employed off and on by the highway department in this locality for the past few weeks, is in the county jail at Nevada City following his arrest by Deputy Sheriff N. F. Dolley on Saturday on charges of forgery and issuing worthless checks.

Arraigned on the charge before Justice of the Peace C. E. Smith, the matter of setting his preliminary was continued to a future date.

At a preliminary hearing in Nevada City Wednesday, Marr was held to answer to the superior court and his bond was fixed at $1 00.

Suspicion was aroused when Marr cashed a check for $35 at the Bank of America, on the Mt. Shasta City Bank and signed by Marr. The endorsement was said by Marr to be Harvey Oates' signature, but a close scrutiny by Manager C. B. White of the bank staff, revealed a slight disrrepancy and Deputy Sheriff Dolley was summoned when Oates said he had not endorced the check.

A description of Marr was given and Dolley started a search. He learned that a man answering the description had boarded a westbound bus and the officer telephoned to Colfax authorities to search the bus.

A short time later, a telephone message to Dolley brought the information that Marr was under arrest and Dolley went to return him to Truckee where identification was definitely established.

County officers declared that Marr was suspected of issuing worthless checks in a number of Sacramento valley cities. A check on his record is being made.

LIQUOR TAX FUND WILL BE SHARED BY TRUCKEE AREA

SACRAMENTO, Mar. 25.—(UP)—The state board of equalization on Monday announced complete allocation of $2,958,009 to cities and counties as their share of the liquor license fees collected in 1936.

Based on actual licenses issued, Nevada county will receive a total of $18.570 of which $7,872 is earmarked for the unincorporated areas $n,254 for Grass Valley and $4,443 for Nevada City.

To Nevada City—

Rufus Gregory, Associated Oil Company manager, was a business visitor in Nevada City Wednesday.

Back from Trip—

Mr. and Mrs. A. P. Leitch have returned home following a week's visit in Sacramento and Chico.

Here From School—

Lavon Joseph arrived here from Sacramento to be with his family during the vacation period.

Residing in City—

Mrs. Clara Ocker has become settled in her San Francisco apartment since leaving Truckee last week.

In New Quarters—

Mr. and Mrs. Everett Parker are now residing in Mrs. Clara Ocker's home on High street, having moved from their apartment over the former post office building.

In Woodland—

Miss Dorothy Barrett is visiting with friends in Woodland during the Easter vacation.

TIME FOR ACTION

In a few short weeks, the trout fishing season will be open on the Truckee river. Hundreds of nimrods will start their annual invasion of the stream and thousands of fish will succumb to the tempting little flies cleverly concealing the fatal hook.

That is all very fine. There is no better sport in the world, in our estimation, but how long can it continue to be the most popular recreation unless more effort is given to the restocking of streams and conservation of trout.

It should be the duty of this and every other community, where fishing is one of the principal attractions, to give the program a little thought and then follow the thought with some concentrated, cooperative action.

It takes money, time and hard work to do the job. Talk will help, but it is not sufficient. Here in Truckee we should take action of some sort now. Call meetings, get together on a definite program and then "go to town."

WE LAUGH AT DYNAMITE

Has anyone thought of playing the Star Spangled Banner to cure the nationwide "sit-down strike epidemic? Actually, strikers are sitting down, these days, on everything from logs to city hall benches and demanding almost anything.

They are taking seats in factories, in offices, in skyscrapers and underground tunnels. Sit downs have been staged by grammar school children, department store girls, wet nurses, dog pound employees and golf caddies And there was the lone wolf sit-downer who refused to move from his mired car until the city agreed to pave the street where he had been stuck 46 times.

The wags have thought up all kinds of jokes about the "sit down. America, it seems, keeps her sense of humor even while playing with dynamite.

CARRYING THRIFT TOO FAR

In Texas last week, hundreds of school children and teachers were killed by a blast that demolished their scholhouse in a little oil town. The disaster of the recent great flood may have been more widespread. But it did not strike with the sudden and final annihilation of the explosion that killed the children. It was one of the worst catastrophies of modern times.

Feeling the horror of such purposeless annihilation of child lives, one understands why men question the wisdom of the gods and rule over our destinies. The tears of the mothers and fathers are not confined to the little Texas town. Their's is the whole nation's sorrow.

It can only be hoped that rank stupidity, cloaked under the guise of thrift, will never again find a place in the plans of school authorities.

THE BLIND PATROL

The palpable absurdity of Europe's latest gesture toward peace merely emphasizes how helpless peace-loving Europeans are to check the mad plunge toward war.

They are trying now, over there, to enforce a "hands off" policy toward Spain by setting up a sea patrol composed of British, French, German and Italian warships.

Of course the commanders of Mussolini's gunboats will just happen to be looking the other way when a ship laden with men and munitions for General Franco comes along.

Of course the French men of war will develop motor trouble about the time they sight a ship bound for a Loyalist port and of course Hitler's gunboat commanders inadvertently "won't see" ships bound for Rebel ports.

And yet there it is, the blind patrol; the best that British, who will lose however the Spanish struggle comes out, could propose in the way of a move toward peace.

Suspicious of each other, protecting only their own interests, coniving with one side or another, the members of the blind patrol take their stations solemnly avowing the purpose is to isolate Spain, whose soil is already red with the blood of soldiers of European powers "rehearsing" for the main performance, the next great war.

The blind patrol. It is a picture epitomizing all the hypocricy, intrigue, and two-faced diplomacy that has put Europe on the skids and will keep her there as long as honor is lacking in Old World nations.

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, Mar. 25.—(UP)—The partisan split between the two houses of the California legislature showed no evidence of being dissipated as the lawmakers prepared to swing into the fourth week of their spring session and take up the subjects of old age pensions and tideland oil, among other controversial items.

Democrats, controlling the assembly, continued to exhibit a spirit of conquest, while republican senators held the attitude that if the lower house tried to block legislation the senate could not be held to blame and the assemblymen's constituents soon would make themselves heard.

The break between the houses was given an airing on the senate floor when the solons considered a reply to Speaker William Moseley Jones' letter which ... cable senate bills sponsored by republicans.

Even democrats in th senate weee irked by the attitude of their colleagues in the lower house and showed no desire to fight for the assembly democratic cause. They were not entirely sympathetic to the democratis drive to disregard all republican bills regardless of merit, and substitute measures drawn up by Bourbons.

Senator W. P. Rich, president pro tem of the senate and leader of the administration forces, was in favor of answering Jones' letter which iriticized the senate for acting upon an assembly resolution withont notifying the authors of the measure. The resolution proposed to put assembly Sergeant-at-arms Delwin W Smith on the state personnel board in place of Legislative Counsel Fred B. Wood.

Rich's letter was rejected by the senators, however, who agreed with Senator John Phillips, R., Banning, that the episode should be ignored.

"It was beneath the dignity of the speaker of the assembly to write such a letter," Phillips said, "and it would be beneath the dignity of the senate to answer it. I propose that the letter be filed where I put my copy, and the entire incident forgotten."

During the discussion, Phillips and others said the proposed Smith-for-Wood shift appeared to be a democratic attempt to introduce the spoils system into the civil service. This, they said, was the main reason for senate rejection of the measure.

Rich said the rules committee had not intended to be discourteous to the authors of the resolution—Jones was one of them—and that the senate action set no precedent.

Senator A. L Pierovich, a democrat, said he believed most of the senate was not advised of a proposal on which upper housemen should have been consulted.

Senator Sanborn Young insisted he knew Wood did not want to relinquish his personnel board post: said Wood was the most valuable member of the board.

Political observersaccepted the entire maneuver as a democratic attempt to land a colleague in a strategic patronage position in advance of the 1938 election. And they believed the change could have been accomplished without much fuss had it been handle more adroitly.

The assembly democrats tried to push it through so fast they neglected to take the senate democrats into their confidence, and as a result received only three supporting votes from 15 upper house democrats.

There were some reports that other members of the personnel board had helped institute the change to get rid of Wood, but this was considered unlinely since the republican members could hardly be expected to want a democrat in place of Wood. Arthur Brown, San Bernardino publisher and member of the board, said the entire maneuver was news to him and that he certainly had nothing to do with it.

Meanwhile, one of the most peculiar situations witnessed in a California legislature continued developing. Various assembly committees steered bills in such amanner that those sponsored by democrats, or by a few republicans who supported the demo-

TAHOE REGION NEWS

By Swanee

ELECTION WILL BE HELD AT TAHOE TO DETERMINE ACTION ON SCHOOL PLAN

TAHOE CITY, Mar. 25.— An election will be held at the Tahoe Lake school house on April 9 between 1 and 6 p. m. the results of which will aid the trustees of the Placer Union High School and Junior College board in formulating the budget for 1937-38.

The express purpose of the election is to determine the will of the people of the district regarding a specific sum to be set aside for the development of a building and site for the proposed Placer Junor College in Auburn.

Results will be presented to the board of equalization. Tahoe and other local children could then avail themselves of a junior college course at Auburn instead of going to Sacramento as they must at the present.

TAHOE DISTRICT PERSONALS

Roy Andrus of Brockway who formerly operated the Lorraine Lumber Mill, was the unfortunate victim of a serious accident more than a week ago, according to word reaching Tahoe this week. While working at a joiner in a Reno mill his hand was badly mangled when it slipped and was carried into the machinery. The little finger of his left hand was so badly crushed that it had to be amputated.

Mr. and Mrs. William Topp are adding a large room to their attractive summer cottage in the Tahoe Cedars Tract.

Mrs. Valentine Woodhouse and children, David and Doris, of San Francisco are enjoying the Easter vacation week at the V. S. McClatchey summer home in the Sunnyside district.

Henry Worden left on Sunday for Oakland where his wife has been visiting relatives and friends for the past several weeks. After visiting an additional few days the Wordens will return to their home at Ward Creek.

Mr. and Mrs. Joe Duffee on Friday of last week were hosts to a group of friends at their home in Lake Forest. Guests who enjoyed the delightful evening of dancing and cards and a midnight supper included Mr. and Mrs. H. H. Hull and son, Dean, Miss Eunice Duffee, Mr. and Mrs. Otto Darlin and son, Larry, and Mr. and Mrs. Everett Prusso.

Dave Chambers of Woodland paid a hasty visit of inspection to his Tahoe resort last week.

Little Dick Hinkle who recently enjoyed a vacation stay in Woodland with friends, was taken ill at his home in the Bettencourt Tract on Monday evening.

Mr .and Mrs. Matt Green are now settled for a time in Miami, Florida, after an extended trip through old Mexico and the southern states.

Fraser West, Don Fanning and Jack Starratt of the University of Nevada at Reno, spent the week end at Tahoe where they participated in the practice meet of the Tahoe Ski club.

Tahoe . . . Ramblings . . .

(By SWANEE)

Your correspondent, returning from Oakland for a few days visit, today spiked a rumor current here, that the Tahoe Post Office would be closed every Saturday afternoon, ollowing the procedure of the Truckee office. Postmaster Janet Watson declared this rumor untrue, no such action being contemplated by her.

Miss Lillian Vernos, student at the Sacramento Junior College, returned home Friday night to spend the Easter vacation with her parents Mr. and Mrs. C. W. Vernon of Bettencourt Tract.

Miss Mary Pronzato, high school instructor, was hostess on Friday night to members of her class and their parents at the local school house. A social evening of cards and dancing was enjoyed, followed by the serving of refreshments at a late hour.

Mrs. Van Nessa Prusso and Dean Hull shared honors at a surprise birthday party held in their behalf on Saturday night. An evening of cards was followed by a tasty buffet supper. Guests included Mr. and Mrs. Otto Darlin and son, Larry, Mr. and Mrs. Joe Duffee and daughter, Eunice, Mr. and Mrs. Everett Prusso, Mrs. Charles Swanson and son, Jimmie and H. H. Hull.

Mel Grodzik, bartender of Prussos Forest Inn who wintered in Los Angeles and San Francisco, arrived on Saturday to join the Prusso household for the summer season.

Mr. and Mrs. George Phillips of Sandy Beach who spend their winters in Oakland where their daughter, Barbara, attends school, plan extensive improvements on their northern lakeshore resort this spring, a new social hall and dining room being among the contemplated additions.

DRIVER IS FINED AFTER CAR ACCIDENT NEAR LAKE TAHOE RECENTLY

TAHOE CITY, Mar. 25.— A car driven by Bill Schmidt, caretaker at Pomin's Resort on Saturday evening missed stark tragedy by mere inches when it collided with an automobile operated by Mr. and Mrs. Ted Marshall on the straight-of-way near Big Chief.

Schmidt's car, traveling at a high speed, according to reports, literally tore the springs from under the Marshall machine, tearing off one side of the car as it struck with terrific force. Fortunately the high snow bank kept the wrecked car from overturning and no one was hurt.

Schmidt was driving a car belonging to Mel Thornton of the Tourist Garage in Truckee, who towed both cars involved in the wreck back to Truckee.

Patrolman Arthur Barrick of the state highway patrol investigated the wreck and charged Schmidt with reckless driving and Justice of the Peace C. E. Smith of Truckee fined him $10. Further investigation is said to be in progress.

TAHOE PERSONALS

Otto Fox of Auburn, instructor of orchestration for the local group, motored to Tahoe on Tuesday to begin orchestra practice and arrange for lessons for advanced and new pupils.

Mrs. Charles Swanson returned Wednesday from a trip to Santa Cruz, Watsonville and Oakland where she supervised the remodeling of some of her bay region property.

Mrs. Celeste Hicks with a party of friends from Marysville drove to Tahoe last Monday where they were the guests at the home of Mr. and Mrs. A. M. Henry.

Mr. and Mrs. Stanley Pomin and family of Tallac were guests at the home of the formers parents, Mr. and Mrs. E. H. Pomin of Tahoe City on Monday.

Good Lighting starts with Proper Lamp Design

Here is the
1
2
3
of a
Better Lamp
for Better Light
Higher standard than the ordinary lamp. 19½ inches from table top to bottom of shade.
What a difference under the shade! The diffusing bowl which eliminates both reflected and direct glare to give light that is soft and glareless.
The shade open at the top and wide at the bottom is the third reason why this revolutionary lamp gives six to ten times as much light as an ordinary lamp.

SEE that the lamps you buy for your home are designed to give you abundant light from proper height and distance so that it is easy for your eyes to see quickly and to read without effort.

Note the distinctive features of the Science of Seeing Study Lamp pictured above. They are the tall standard, the diffusing bowl and the special shade wide at the bottom to give much more useful light than ordinary lamps.

There should be at least one of these new lamps in every home. It helps good eyes to keep good eyesight and aids weakened eyes to see more easily.

HOBART MILLS

Chris Nelson has gone to Deleker where he is employed in the lumber yard.

Swift Berry of Camino was a visitor in Hobart Mills one day last week.

Walter Viggers has gone to Sacramento where he has secured employment. Mrs. Viggers and children spent the wek end in Hobart Mills, returning to Sacramento Sunday.

T. K. Oliver drove as far as Sacramento Saturday morning where he met Mrs. Oliver and children, who are here from Berkeley spending the Easter vacation at their home.

Mr. and Mrs. George Seymour of Brockway visited at the Frank Wilson home Thursday afternoon and evening.

Mrs. Grace Szabo who was called away last Thursday on account of the illness of her sister has returned home.

Mrs. Henry Seibold and daughtre, Ruth, were Reno visitors Saturday.

G. D. Oliver and Frank Wilson were business visitors in Nevada points last Thursday.

Mrs. H. G. Seibold entertained her card club on Wednesday of last week. The day being St. Patrick's Day, Mrs. Seibold used appropriate decorations and score cards, serving a delicious green moulded salad with the refreshments. Those present were Mesdames E. C. Murray, A. D. Murray, O. C. Landrith, Harold Percy E. K. Wilson, P. W. Lazier, and Frank Wilson.

Miss Anna Munro was a dinner guest at the home of Miss Ruth Seibold last Thursday. Miss Munro is a teacher in the Truckee school.

Aljah Caples accompanied by his cousin, Lawrence Wertz of Sacramento were week end guests at the home of Mr. and Mrs. John Casbohm, Mrs. Casbohm being an aunt of the young men.

Mr. and Mrs. J. B. Clark were delayed en route home from Reno Sunday evening by becoming involved in a wreck on the Truckee-Reno road near Lawton Springs. Their car was one of five all more or less damaged. Mr. and Mrs. Clark escaped with minor injuries.

County Supervisor Alex Robertson who attended a meeting of the supervisors of California held in Sacramento last week, has returned to his home.

Mr. and Mrs. Frank Wilson entertained a few friends last Thursday evening, honoring Mr. and Mrs. George Seymour, who were their house guests. A pleasant evening was enjoyed and refreshments were served at midnight.

E. W. Canady, accompanied by his daughter, Marjorie, and Mrs. John Errcart and daughter were the guests of relatives in Gridley and Marysville over the week end.

Mrs. E. W. Canady and son, Harold were week end guests of Mr. and Mrs. Earl Smith and family in Truckee.

Brockway Items

Harold Payne of Brockway Vista was removed to the Veterans' hospital last week.

The A. B. Grahams have returned to their Tahoe Vista home. Mrs. Graham who has been in Colusa because of illness, is very much improved .

Master Edward Ghiorvoe of San Francisco is spending the Easter vacation with his aunt and uncle, Mr. and Mrs. Tony Petroff at Cal-Neva. Mr. and Mrs. Frank Ghiorvoe, parents of the boy, will spend the week end at Cal-Neva.

Mr. Ed Malley has returned from a trip to Sacramento driving a new

(Continue on Page 6)

TAHOE REGION NEWS

Miss Rosalee Heller, daughter of Mr. and Mrs. Charles Heller of Meek's Bay, will be guest of honor at the next meeting of the H and W Club to be held on Wednesday. A miscellaneous shower will be tendered her by the many Tahoe friends who read of her engagement, through the Sun's columns last week, to a Sacramento man. Refreshments will be served at the conclusion of the evening.

Constable Harry Johansen went to Reno Saturday on a brief business visit.

The ski meet scheduled by the Auburn club at Cisco last Sunday was postponed indefinitely. Many Tahoe residents made the trip down unaware of the change of plans.

The special meeting scheduled for last Saturday at Tahoe Inn between local sportsmen anl State Senator Jerry Seawell had to be postponed indefinitely because of the critical illness of a member of the official's family. The meeting had been called with a view to discussing ways and means of improving fishing and hunting conditions in the lake areas.

Mrs. Watson spent part of her winter vacation in Auburn, Woodland and in San Francisco. Driving the children to school on Monday for the first time this term, her car stalled three separate times on the local highway. While we admit her pluck is admirable, her job these cold mornings is far from enviable.

Mrs. Florine Johnson of San Francisco forwarded to Mrs. George Bliss of Tahoe City last week, for circulation, a petition seeking signatures which would serve to defeat the president's proposed increase in the Supreme Court.

Mrs. Etta Tyler of Lake Forest who has been visiting in Oakland with her daugter and family, Mr. and Mrs. William Oliver, plans to return to the lake and reopen her grocery store sometime in May. Mrs. Oliver, who has been in delicate health, is greatly improved, having gained 20 pounds since leaving Tahoe

Mrs. Bliss Hinkle, local high school teacher, this week disclosed to her friends that she and her three children, Dick, Marilyn and Sue, the latter a student at Stanford,, will accompany her husband, Professor Henry Hinkle of Stanford, to Las Vegas, New Mexico, at the close of the present term. Professor Hinkle will instruct classes in English at the New Mexico Normal University during the entire summer season.

Elementary grades resumed studies on Monday following a vacation of three months. They were greeted back to school by their teacher, Mrs. Myrtle Gallinger, who returned with her husband from a vacation spent mostly in San Francisco. Three new pupils were among those attending, although many desks remain unoccupied due to the fact that Tahoe's rush of summer residents has not yet begun.

Despite the fact that pussywillow, daffodils and fruit trees bloom in the valleys, Tahoe still writhes in the clutches of Old Man Winter. A blizzard visited the region over Friday and Saturday and portions of Sunday, leaving close to two feet of fresh snow in most sections. Thermometers dropped as low as 13 above zero. A promise of clear skies has been made by the weather man.

Mrs. Ed Wagner was a recent visitor at the home of her daughter, Mrs. Ethel Carter of Oakland where she spent a week.

Mrs. Stella Watson returned to Tahoe on Friday last, accompanied by Mrs. Murray Smith of the Sunnyside district, who has spent a number of weeks under medical care in an Auburn hospital.

Others who are anticipated in daily from winter vacation in the bay cities are Mr. and Mrs. William Watson and son, Mr. and Mrs. Si Pierson and daughter, Blanche, now in Sacramento, and Mr. and Mrs. Lloyd Yeakel and son, Rodney who has been quite ill and under a doctor care, is now able to take short daily walks and is much improved in health generally.

Miss Donaldine Grass of Sacramento Junior College, accompanied by Miss Kathleen Starratt Anderson arrived at Tahoe for the Easter vacation on Monday. The young ladies were forced to return to Sacramento on Sunday after reaching the summit when a blizzard in progress there froze their windshield wiper and made further progress impossible.

Mr. and Mrs. A. M. Henry are enjoying a few days vacation in the bay cities. They plan to return to Tahoe along with the N. R. Mayfields who have been absent for several months.

Mr. and Mrs. C. L. Tarwater and daughters were visitors at St. Helena at the home of Lloyd Hudson during the week. They wer accompanied home by Mr. Tarwater's mother Mrs. E. Hudson, who will visit at the lake for a while.

Miss Dorothy and Miss Edith Tarwater are visiting friends in San Francisco. They will return to the lake soon.

HERE'S GOOD MEDICINE

...for a sluggish car
...the car that pings
...a slow starter

"I'm just interested enough in my customer's car to get a lot of pleasure out of filling it up with Associated Aviation Ethyl gasoline. It proves he's particular about his car and appreciates top quality products—and naturally appreciates my quality service, too.

"There's a lot of good things about being an Associated motorist—how good you'll never know until you try it—so

Let's Get Associated"

It's hard to believe the truth about Associated Aviation Ethyl until you try it. Perhaps that's because you have tried so many gasolines and found them about alike.

But Associated Aviation Ethyl is a different gasoline—made differently. The first tankful you use will put new life in your car.

Associated Aviation Ethyl brings you new driving pleasure.

A quicker—a more powerful start. The dry vapor of this true aviation fuel gets to the cylinders faster, in ready-to-fire form, than any other gasoline. It not only gives you instant starting but *full power* immediately. No excessive choking, no fading.

A more sensitive throttle. When a flash getaway is necessary or a quick surge of power is called for you'll find Aviation Ethyl always ready to respond.

A quieter, more powerful car. No car, adjusted for maximum performance, will *knock* with Associated Aviation Ethyl. This even burning aviation fuel gives full power to each cylinder stroke. That means less motor wear, less gasoline used and smoother operation.

Puts new life in your car

Don't miss the new driving pleasures this aviation fuel offers by holding to the belief all gasolines are alike. One trial will prove what a difference it makes in your car.

NORDEN NEWS

(By C. W. KRAMER)

The late winter storms of the past few weeks have deposited many inches of new snow on the Sierra summit and the Sunday storm did a fine job of ushering in the first day of spring while on Monday the sky was mostly clear with scattered clouds. Snow to the depth of 115 inches is on the ground which compares favorably to a few days a yeara ago.

The Sierra Club and TVN Club lodges have been filled to overflowing during the past two weeks and it has become apparent it will be necessary to double their lodging facilities during the coming season to accomodate their winter season tourist lists as more and more tourists are becoming snow minded and flock to the Sierra summit where snow conditions await the novice as well as the well experienced ski experts.

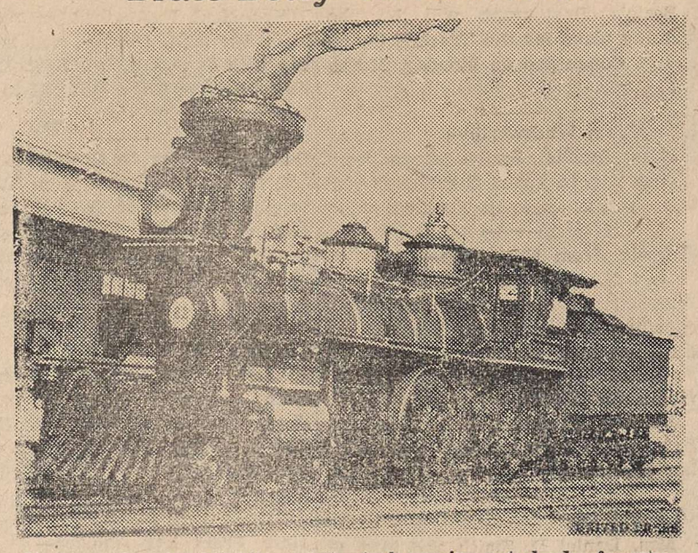
Twenty-eight boys from San Francisco are enjoying themselves in Norden during respite of school activities during Easter vacation.

The W. G. Flickinger, C. A. Rowe and C. W. Kramer families are in Norden during the Easter vacation.

Raymond Marion after a two months' vacation with his grandparents in Medford, Oregon, has returned to his home in Norden.

Mrs. Clarence Libby motored to Sacramento Sunday to visit among friends and relatives.

'Brass Betsy' on Last Run



Its brass gleaming brightly and its stack pouring out clouds of smoke, "Brass Betsy," famous Baldwin locomotive of the historic Virginia & Truckee Railroad, is shown puffing into the Reno, Nev., station after its last run on the winding road it traveled for many years in bringing millions of dollars' worth of gold bullion from the Comstock lode. After active service since 1877, it is now to be retired.

William Sebring, Frank Rector, Eric Gram and C. W. Kramer motored to Dutch Flat Saturday night to attend lodge functions.

Mrs. Ernest Johnson who has been visiting among friends and relatives in Sacramento returned to her home in Summit.

Many Norden residents attended the si tournament at Cisco last Sunday.

Clarence E. Hart elected to remain in Norden over the past week end.

William Hughes of Norden visited friends and reuatives in Dutch Flat Sunday.

Among those to enjoy themselves in Sacramento the past week end included Albert Paine, Charles Coleman, Oscar Anderson, Kirby Schull, August Awischus, Frank Van Guelder and Carl Nelson while Harry Hall visited in Roseville.

Matt Dubelbeiss visited at the home of Gus Sanders in Truckee last Sunday while Fred Roberts has returned with his family from a visit in Salt Lake City. They reside in Blue Canyon.

Send the SIERRA SUN — better than a letter.

175 AGED IN THIS COUNTY RECEIVE $5,417 IN STATE PENSIONS, REPORT SAYS

SACRAMENTO, Mar. 25.—(UP)—More than 68,000 aged Californians received state old age pensions last month, Mrs. Florence L. Turner, director of the department of social welfare, reported.

Altogether, $2,147,316.57 was distributed to 68,034 aged individuals. This represented an average of $31.51.

In Nevada County, 175 individuals received $5,417 or an average of $39.95 each.

The state law provides for a pension of $35 to each needy aged 65 or older who has met the old age requirements. Deductions allowable for rent free, free food and side income caused the average to drop below $35, but since the legislature in special session last year eliminated the old $20 to $35 hange and established a flat rate of $35, less dedultions, the average payment has jumped $10 per case.

The federal government furnishes $15 toward each payment, and the remainder, $20, is shared by the state and counties.

POOR RANGE CONDITION

SACRAMENTO, Mar. 25.—(UP)—A severe and prolonged winter has resulted in extremely poor range conditions throughout the state, the California cooperative crop reporting service auuounced this week.

SIERRA NEWS SOLD AS NUGENT PLANS FLORIDA VACATION

Announcement of the sale of the Sierra Valley News, a weekly newspaper published in Loyalton, Sierra county, to F. E. Rogers of South Dakota, was made this week by James E. Nugent, who has published the paper for several years.

Nugent said that his plans are indefinite, but that he might take a trip to Florida before settling down to work again.

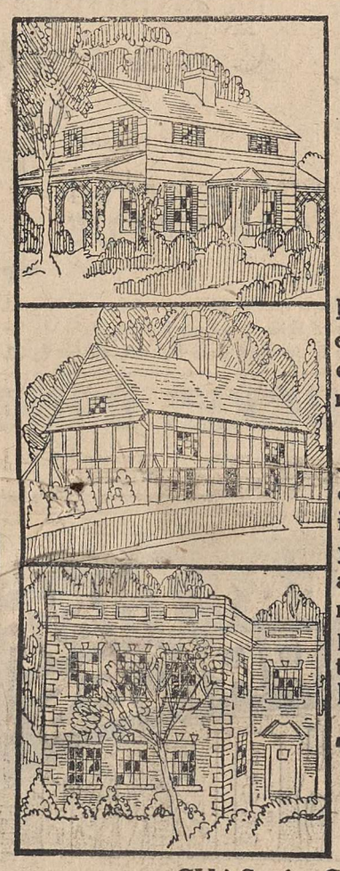
The new publisher has had 15 years experience in the newspaper business and should be an asset to the area.

POLITICALLY SPEAKING

(Continued From Page 2)

cratic bloc were given first choice.

This feeling became abvious when the public morals committee, admitting that Republican Melvyn I. Cronin's 2 a. m. liquor closing bill was just what they wanted, nevertheless amended Democrat Clinton J. Fulcher's bill so that it was identical to Cronin's, then sent both to the floor so the majority group could take its choice.



Good Lumber Builds Better Homes

Building for the future—or even for one generation—requires careful selection of materials.

Choose your lumber and our complete range of individually selected stock. Then you may be absolutely certain that your house is permanent and sound in every phase of construction—and thoroughly resistant to weather.

MEN OUTNUMBER WOMEN IN STATE EMPLOYMENT SURVEY OF LIST SHOWS

SACRAMENTO, Mar. 25.—(UP)—Men outnumber women three to one as California state employes, despite the apparent preponderance of feminine stenographers, clerks and secretaries in the offices and corridors of state buildings in Sacramento.

There are 14,916 men and 5,391 women employed by the state government, William Browrigg, executive officer of the personnel board, revealed.

In Roseville—

Miss Mary Pierce is visiting with friends in Roseville this week.

At Los Gatos—

Douglas Barrett is visiting at the Montazuma School for Boys near Los Gatos during the vacation week.

For A Limited Time Only

Special Formula Cream is the outstanding achievement of the House of Elmo. The result of fifteen years of intense laboratory research compounded of rich, nourishing oils, it is recommended to soften and lessen lines around the eyes, prevent crepey neck and firm the contour of the throat.
